Charles H. Kang

Professional Experience

iOS Developer / Access Code Fellowship at C4Q - NYC, New York

June 2015 to Present

Access Code produces high quality iOS developers through an intensive 9-month curriculum developed and taught by leading iOS engineers from companies such as Yahoo, Google, Artsy, and betaworks. Accepting only 5% of applicants, the highly selective program prepares graduates with comprehensive technical training in iOS as well as an immersive entrepreneurial and product oriented learning.

Coalition for Queens is a non-profit aimed at fostering diversity and easier accessibility to tech in Queens. They give amazing opportunities to minorities and underrepresented communities to become successful iOS and Android developers.

iOS Developer / Neverlate app - NYC, New York

November to December 2015

- Presented at New York Tech Meetup as "hack of the month", to an audience of 600
- Led the team's UI and UX needs using Sketch 3 and Photoshop to quickly wireframe and make the app as user-friendly as possible
- Implemented maps features, including user location and geofencing
- Worked on a team of 3 to design and develop Neverlate, a fun and motivating app that allows users to create a goal to be on time, and if they're late, they need to pay their buddy!

iOS Developer / OfficeHours app - NYC, New York

October 2015

- Worked on a team of 3 to build a community building app during a 48-hour Hackathon
- OfficeHours helps underserved and underrepresented communities to find local tutors to receive personalized help, with emphasis on programming
- Implemented maps and the ability to find a tutor
- Designed and wireframed the UI using Photoshop, as well as choosing smart user flow
- Products were evaluated by a senior panel of judges including Benjamin Jackson, Director of Mobile at VICE Media, and Tony Barnes VP of Tech Innovation at Capital One

Barista / Kaffe 1668 - NYC, New York

April to August 2015

- Reduced time customers spent in line by 30%, planned with the owners to create highly efficient POS (Square) strategies that allowed for increased sales while maintaining high quality service
- Team earned 25% more tips when I was working
- Facilitated a harmonious work environment for a diverse team of 5 baristas

Cook II / Stonehill Tavern at The St.Regis Monarch Beach - Dana Point, California

March to July 2014

- Developed exciting, new seasonal tasting menus alongside the executive and sous chef
- Performed demanding tasks under tremendous pressure from restaurant owner Michael Mina, helped increase ingredient utilization by 20%
- Prepared the entire kitchen to be kosherized on Passover week in just several hours, were several hundreds of people were served a strictly monitored variety of food
